

## 2006 State and Congressional COMPAC Endorsements

COMPAC is the bipartisan political action committee of the Colorado Medical Society and the unified voice of over 6500 physicians, medical students and Alliance members in Colorado. Its goal is to support and elect pro-physician, pro-patient candidates on the state level. On the federal level, COMPAC works in conjunction with AMPAC, the American Medical Association's Political Action Committee, to represent the interests of physicians and their patients before Congress.

To determine the level and type of support for candidates, COMPAC considers the following:

- A candidate's philosophy and positions on medical issues;
- A candidate's medical voting record (if applicable);
- Demographics of the district and a candidate's ability to win; and,
- Local district physician member recommendations

### Congressional Candidates – U.S. Congress

<b>District/Incumbent</b>	<b>Republican</b>	<b>Democrat</b>	<b>Endorsement</b>
