Practice Management Community Sign-Up Form

In June of 2007, the Colorado Medical Society Health Care Financing Division launched the Practice Management Community. The Practice Management Community is an interactive tool that gives you access to the *CMS LiveWire* electronic newsletter, news alerts, educational opportunities, self-help tools and resources for coding and billing. And best of all it allows sharing of knowledge and experience through a discussion forum on a secure site.

At least one physician in your group must be a Colorado Medical Society member in order to join this on-line community. Don't miss out! Return this completed form today!
