

CMS 2012 Spring Conference: “Lead, Follow or Wander”

The CMS Spring Conference titled, “Lead, Follow or Wander” will bring physicians from across the state together for relevant and topical discussions, workshops and presentations. Specifically, the agenda includes ways for you to make a difference by participating in the political process to make our medical community stronger. We will also feature sessions on the Constitutionality of the Mandate, The Colorado Health Insurance Exchange, Reimbursement Realignment, Advertising and Marketing Laws and Medicaid Reform. Our special guest for the Saturday evening’s Fireside Chat will be veteran Washington Post and Time Magazine political reporter, Michael Weiskopf.

Equipped with new ideas, inspiration and knowledge, you will be able to *lead* your practices into new territory by *following* the urgent and relevant issues associated with practice evolution including public policy, reputation management and health care policy -- and nobody will *wander* alone with physician-to-physician outreach.

Join us this May 4-6th at the Sonnenalp Resort in Vail! Please fill out and return the registration form today and plan on an eventful and memorable weekend filled with fun and frivolity.
