

DOC2DOC

WELLBEING CONSULTING

BROUGHT TO YOU BY

COLORADO
MEDICAL SOCIETY

Colorado
Physician Health Program

STEP 1

COLORADO PHYSICIAN OR MEDICAL STUDENT CALLS 720-810-9131.

24/7 line answered by a Masters-Level Licensed Clinician (LCSW, LPC) to assess the clinical need of the caller, including life-threatening situations.

STEP 2

CONFIDENTIALITY IS REVIEWED AND PEER SUPPORT SERVICES ARE INITIATED.

Only in circumstances where an individual is a threat to self or others or as outlined in the Medical Practice Act would confidentiality be breached. **Doc2Doc Wellbeing Consulting** has the same reporting obligation as all licensed Colorado physicians.

STEP 3

PHYSICIAN CALLER RECEIVES WELLBEING SUPPORT FROM A PEER PHYSICIAN.

If **Doc2Doc Wellbeing Consulting** is the best fit based upon the caller's presentation, a physician will return the physician's call for the first of three free peer consultations.

If CPHP traditional comprehensive evaluation services are a best fit based upon caller's presentation OR if more help is needed at the end of three free **Doc2Doc Wellbeing Consulting sessions**, CPHP's process will commence to ensure client has appropriate treatment supports in place.
